

## KINGSTON REPAIR CAFÉ 2025

### **Can't upgrade your Windows 10 laptop to 11, or don't want to? We can try to install a free Linux operating system instead!**

We can show you some of the alternatives to paid Microsoft applications such as LibreOffice in place of Word/Excel/Powerpoint, and Firefox or Chrome in place of Edge or Explorer.

Before you come along please ensure that:

- You have backed up all your data (all your photos and files), or the whole system. We cannot preserve data moving to Linux.
- Let us know if anything on the machine has sentimental value.
- You understand that there are no guarantees - the installation may fail and we will not be able to reinstall if so.
- Please print this page, fill in the form below and bring it with you.

#### ***Upgrading your Windows 10 laptop***

*Please tick the boxes below, sign, date and bring it with your laptop to Repair Café Kingston.*

- ☐ I have backed up all my data (photos and files), or the whole system.
- ☐ Nothing now on the machine is of sentimental value.
- ☐ I understand that there are no guarantees for this upgrade, the installation may fail, and we will not be able to reinstall if so.
