### Crunch time as apple fans get fruity for day

From green colonial apples to colorful local varieties, Kingston Environment Centre in Fairfield East on Saturday, October 22, to celebrate local varieties and highlight the amount of fruit eaten in the borough. The environmental group tries to increase the amount of local fruit from such as apples, pears and plums and in Kingston community, it is non-profitable. To get involved, donate your fruit or become a volunteer here: [www.abundancekingsham.org](http://www.abundancekingsham.org) for more information.

## TTK as a person!

*"... If we wait for the governments, it'll be too little, too late. If we act as individuals, it'll be too little. But if we act as communities, it might just be enough, just in time."*

Rob Hopkins, Transition movement founder in "What is a Transition Initiative?"

## 2018: Happy 10<sup>th</sup> Birthday!
